2017 Grand Champion Bull at Houston

V8 Ranch 2017 Bull of the Year

Sheer Power, Tremendous Performance, and Super Style, not to mention being backed by two of the greatest cow families in Brahman history, make Mr. V8 604/7 the epitome of a V8 Brahman bull. He is a bull that perfectly combines the size, bone, length, and muscle of Mr. V8 191/7 and the Style and productivity of his 380/6 sired dam.

He had the second heaviest weaning weight (710 pounds) and achieved heaviest yearling weight (1181 pounds) of the 2014 spring calf crop.

His offspring exhibit the same extended and tidy front end, bold and open rib cage, with expressive loin shape and width from stifle to stifle as he does. 604/7 is a truly remarkable bull that has had the RARE ability to have massive size, bone, and muscle while maintaining perfect hoof shape and clean joints.

Beginning in 2018, we will offer U.S. semen sales for \$5000 per unit, limit 2 units per breeder. This package includes 5 AI certificates per unit, with additional certificates available for \$250 each. Email office@v8ranch.com if you would like more information.
